

## **Why you might want to visit the 'Countryside Classroom' at Abbey Farm, Kirkstead....**

Our aim is to provide a 'Countryside Classroom' on a working farm, where we have many resources for our visitors

We aim to allow children to see how a modern farm works, see wildlife and the countryside for themselves and to learn about where their food comes from. This all takes place in an enjoyable and safe, CEVAS trained environment.

**NEW for 2015: 40 seat, open sided trailer, Mud & Stud barn & new loos and hand washing facility**

We hope the 'Countryside Classroom' at Abbey Farm, can be used to give your children inspiration and information about parts of the curriculum that are sometimes difficult to teach in a classroom environment. Having just completed the works, we would like to share with you the **1st mud and stud barn to be built in Lincolnshire for over 300 years!**

**Visits are FREE to schools.**

### **What you can do on the farm**

Children involved in Bug Hunt Bingo

Abbey ruin

The Mud and Stud barn

## A typical visit to Abbey Farm includes....

On arrival, an introductory talk is given about the farm and a reminder about health & safety. Then the group is taken on a **farm walk** and tractor and trailer ride which takes around 1 hour. We would normally aim to discuss the farming year during this session, the seasons, farming activities and food produced at different times of the year, highlighting how the food travels from 'field to fork'. For the younger children we make use of tailored resources e.g. story books to explain the farming year

Next, the children do one of the **other activities** on offer e.g. drawing in the Abbey field, a numeracy activity, tree & hedge identification, pond dipping, planting a seed or feeding the chickens.

The visit finishes back in the Mud & Stud barn with an "**Ask the farmer**" session, when the children get a chance to ask questions.

We aim to send the children back to school with **a plant growing activity** of some sort!

Figure 2: tractors at work

### Examples of 'The Countryside Classroom' activities:

#### Early Years Foundation Stage: Nursery / Reception / Years 1 & 2

**Abbey Farm trail** – Look at the different aspects of the farm and the farming year with a combined farm walk and trailer tour. Both Kirkstead Abbey ruin and the small church of St Leonards are situated on the farm. Range of arable crops from carrots to bio fuels.

**Where does our food come from?** – 'Field to Fork' - let us show you the crops in our fields and the journey to your fork. Within the countryside environment work out simple food chains. Look at harvesting through the year with combining (summer), lifting and strawing carrots (autumn) and lifting sugar beet in the snow!

**Teddy Bear's Picnic (nurseries):** Bring a teddy to enjoy the farm walk, look for mini beasts and see if teddy knows the way through the woods. Teddy can also enjoy a ride on the tractor and trailer!

**The Big Bug Hunt** – A combination of grass fields, woodlands and ancient ruins means Abbey Farm is home to a vast array of mini-beasts. From slithering snails to darting dragonflies, get to see bugs close up in their natural habitat – maybe even play a bit of Bug Hunt Bingo or Scavenger hunts!

**Woodland activities** – simple activities for pupils to learn more about trees and their uses. This can be tailored to younger children also with a simple numeracy exercise.

#### Feedback from previous visits:

“Lovely environment and great learning experience”

“ A lovely visit, very friendly, fun and informative”

“Despite the weather the children thoroughly enjoyed themselves and continued to talk about the visit at school the following day. There was a good balance of adult / whole group discussions and working in smaller groups. They really enjoyed their tractor ride too!”

“Really interesting. Pitched at right level for the age group”.

#### Notes to Teachers:

We are more than happy to run ‘back to back’ visits for one school to allow 2 (or possibly 3) consecutive groups to visit on one day, minimising the transport costs and would suggest a class visit lasting 2 – 2 ½ hours each. Maximum group size of 30 is recommended.

**Please note:** For EVERY visit we require the group leader or teacher to make a pre-visit meeting covering health & safety, risk assessment and a work plan for the day. This usually takes about ½ hour and will be arranged when you book a visit date. If teachers from the same school wish to run a pre-visit meeting together we are able to accommodate this.

Please contact Jo at [jo@abbeyfarming.com](mailto:jo@abbeyfarming.com) or **07795 396979** to book a visit.
