

## General Farm Worker

**Abbey Farming** is a diverse farm business incorporating 600ha of arable production, farm contracting as well as having an award winning wedding business in the traditional farm barns. Based in central Lincolnshire, near the village of Woodhall Spa, we grow combinable crops, sugar beet as well as forage maize. Land is also rented out for potatoes and vegetables. Contracting services offered include beet harvesting and maize carting. We invest in individuals and encourage them to strive to achieve the highest standards.

Now looking to recruit a **General Farm Worker** to be part of our team. The successful applicant will carry out a diverse range of jobs and responsibilities through the year which will include much of the following:

- Cereal drilling using a 6m KRM Sola Drill.
- Cultivations using Lemken, TWB, Farmet and Great Plains equipment.
- Fertiliser application using a Kuhn Axis 40.IW broadcaster.
- Spray Operation using a Bateman RB26. Spraying is not compulsory.
- Irrigation with both hoses and booms.
- Maize, rye, beet, grain and bale carting.
- 360 excavator operation doing dyke work and estate work.
- Winter hedge cutting.
- Equipment and machinery maintenance in the well-equipped farm workshop.
- Grounds maintenance including grass cutting for the weddings.
- Estate maintenance in the winter.

The successful applicant will:

- Be a **resourceful** and **enthusiastic** operator with a positive, pro-active attitude who can work well on their own and in a team.
- Be someone who is a **team** player.
- Either have an existing **in-depth knowledge of auto-steer operation** or the ability to learn and embrace it quickly.

- Have sound background knowledge of a large range of agricultural tasks and good workshop skills.
- Be encouraged to take ownership of certain projects throughout the year and give input into improving the efficiency and running of the business.

The position offers a competitive salary, together with a bespoke annual training programme.

House could be available, if required.
